16	0.215	125	1.0 %	5.00	2,640	528

THROUGH-THE-WEAVE TECHNOLOGY

There are many layflat hoses on the market, and as one of the largest suppliers in North America, Midwest Hose offers through-the-weave urethane layflat hose, as we believe it represents the best value for our customers. Compared with hoses made from a blend of nitrile rubber and PVC, urethane hose offers 5X the abrasion resistance, less elongation, and far superior puncture resistance.

QUALITY YOU CAN TRUST, AVAILABILITY YOU CAN COUNT ON.

WHO WE ARE

Midwest Hose is known for providing the best quality, value, and service in the industry. We specialize in meeting, if not surpassing, the needs of our customers. Since our start in 1983, we've been selling industrial and oilfield products such as hose, belts, valves, unions, fittings and specialty items. We are one of the largest suppliers in the United States and our cycle test machine can demonstrate our quality against other brands. There's no one out there like us: let us prove ourselves.

OUR QUALITY POLICY

Midwest Hose & Specialty, Inc. will meet or exceed the expected requirements of our customers by providing the finest quality products and service. We strive for continual improvement and meet our quality objectives as we become one of the foremost suppliers of hose assemblies.

AVAILABILITY

The most comprehensive product line for a hose distributor with a wide range of fittings and full lines of hydraulic, industrial, rotary, and layflat hose. Our diversified inventory keeps industries connected.
