

MINE SPRAY MULTIPURPOSE

SPECIFICATION SHEET

APPLICATION

Designed for dust control in underground water spray operations

FEATURES

- Temperature -40° to 212° F
- Safety Factor Minimum 4 to 1
- Meets MSHA rating IC-84-42
- Yellow cover maximizes visibility in dimly lit areas

CONSTRUCTION

- **Tube** Mineral, vegetable, and hydraulic oil resistant synthetic rubber
- **Cover** Oil, abrasion, and weather resistant synthetic rubber
- **Reinforcement** 1 high tensile steel wire braid
