

REVERSE CIRCULATION | SPECIFICATION SHEET

APPLICATION

Designed for use in reverse circulation drilling applications and concrete placement.

CONSTRUCTION

- **Tube** Black Synthetic Rubber
- **Cover** Blue Synthetic Rubber with Spiral Transfer Band
- **Reinforcement** Spiral-plied Synthetic Fabric: 2" & 3" ID - Six plies; 4" & 6" ID - Eight plies

FEATURES

- Superior tube suited for wet abrasive materials
- Thick wall construction with multiple plies of reinforcement to resist kinks
- Temperature -40° to 180°F
- 3:1 safety factor. Burst pressure to working pressure

							
Part #	ID	OD	Max WP	Min BP	Bend Radius	Weight	Coil Length
	inch	inch	psi	psi	inch	lbs	feet
